## 2023 Pricing and Sample Sheet

At Rollyhog, we love custom embroidery! Each design you wish to have embroidered has two costs:

- 1) a one time \$50 digitizing/setup fee to convert your file for embroidery and
- 2) a cost per item based on how many stitches there are per piece

Starting at 5,000 stitches, we charge \$1 per 1,000 stitches per item

Below are a few samples of our embroidery work. Size and stitch counts for these samples are included to aide in pricing estimates, and are not a guarantee of a price for a similar item
